LRN CATALYST PLATFORM

Education alone is not enough to change behaviors and have a significant impact on business results. The *LRN Catalyst platform* is everything you need to host, deliver, track, and manage your ethics and compliance program—enabling you to scale values and behavior across your organization.

Our innovative SaaS web-based platform is globally accessible and fully hosted by LRN. It includes tools to customize, deploy, monitor, and measure online education campaigns for improved enterprise-wide program oversight and risk management. It seamlessly integrates LRN's training solutions with customization options and social capabilities, providing an easy-to-navigate user experience that delivers customized education for each employee.

With *Catalyst*, program implementation and integration are simple and easy. It supports and reinforces E&C best practices, including proactive E&C campaigns delivered across multiple channels, trust and verification-based attestations and certifications, and targeted education to certain risk areas.

FLEXIBLE EDUCATION MANAGEMENT

COMPREHENSIVE SOLUTION
Automate, host and maintain your training and content on Catalyst, or integrate with your learning management system.

COMMUNICATION TOOLS
Use LRN's Catalyst Communications Tool to manage multi-channel campaigns, and reach employees wherever they are located.

REPORTING
Run reports and dashboards so that you can easily track progress during campaigns. With LRN's Managers Report, give managers and executives a comprehensive view of your program performance company-wide.

ON DEMAND CONTENT
Gain easy access to content with courses that work on any device (phone, tablet, computer) and are in compliance with Section 508 and WCAG AA Guidelines.

INTEGRATED CERTIFICATION TOOLS
Automate the process of obtaining employee policy acknowledgements and disclosures. LRN's Certification Manager includes powerful workflow and reviewer tools.

INSIGHT & ANALYTICS
Measure learner proficiency, uncover content gaps, and take action to mitigate risk with LRN's Catalyst Analytics data tools.

Knowledge Service Provider™

INNOVATIVE PLATFORM

COURSE CUSTOMIZER TOOL
Allows you to customize your training, making your unique policies and risk areas more personalized and relevant to your company.

PERSONALIZED PATHWAYS
Enables you to target different users within the same course using a branching approach.

ADAPTIVE LEARNING
Provides a way for employees who are experienced in a particular topic to "test out," which saves time and increases engagement.

CATALYST OFFLINE
Gives flexibility to reach offline learners and allows them the ability to enjoy a full course experience. Course completions are captured locally and synced with one click to Catalyst.

CATALYST CONNECT
Integrates your ethics and compliance program into a single app leveraging Augmented Reality (AR) and Artificial Intelligence (AI) to give employees access to the content and tools they need to help them make the right decisions.
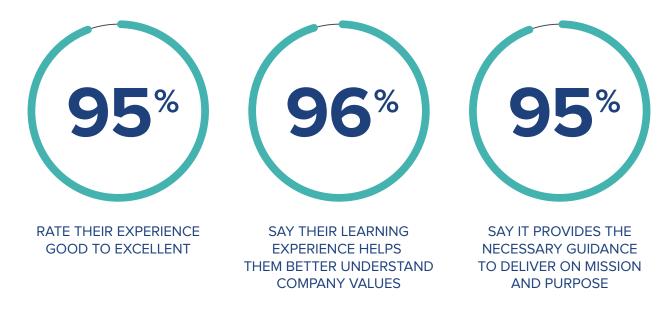

ACTIVITY AND INTERACTIONS MAPPING: AIM
Automatically assigns relevant training in topic areas with the most common E&C risks based on workplace assessments via this patented system.

CLIENT SATISFACTION

Our rigorous quality assurance goes beyond delivery into post-implementation. We are results oriented and regularly gauge the effectiveness of our offerings so we can adjust and improve. Our latest client survey shows:

95%
