

COURSE MANAGEMENT MADE EASY

Managing E&C courses, translations, and versions can feel like a Herculean effort. With Content Manager, we've reduced the time it takes to get your E&C course curriculum up and running. We've improved workflows, simplified tasks, and automated heavily used processes. All of this to reduce administrative time and make it easy to manage your E&C program.

CONTENT MANAGER PROVIDES:

AUTOMATED BRANDING

By including your logo, branding, and colors you save customization time and get the entire training experience as you're visualizing and selecting your courses.

ONE-CLICK LIBRARY ADDITIONS

When you select curriculum content, it's instantly available for you to edit and prepare for your learners.

EASY ACCESS TO COURSE VERSIONS

With options to edit all versions of courses, our easy access to course versions and instant Word downloads make it easy to share with stakeholders.

COMPLETE LIBRARY ACCESS

With our full content Library at your fingertips, you can easily review all options and select the training that's right for your learners.

SIMPLIFIED TRANSLATION MANAGEMENT

Adding multiple languages to courses has never been easier. You can bulk publish all languages of a library course or easily edit only the course versions you need.

WHAT IS COMING NEXT?

This year you can expect:

- PDF course downloads
- One-step unpublish of course languages
